

**Iowa Republican Caucus Poll
1/31/16**

Sponsor(s)	N/A
Target Population	Iowa registered voters; Republican; likely caucus-goers
Sampling Method	<p>Blended sample; mixed mode:</p> <p>Likely Republican caucus-goers were selected from a list of registered voters. Only voters determined likely to attend the 2016 Republican caucus were included in the sample.</p> <p>Landline: registered voters were contacted on the evenings of January 29th and January 30th, 2016 using an interactive voice response system.</p> <p>Mobile: registered voters were contacted on the evenings of January 29th and January 30th, 2016 on their mobile devices. Respondents answered an identical survey in visual form.</p>
Selection & Weighting	<p>Two questions served as selection variables. The first question asked whether the respondent intends to attend a caucus on February 1st; all responses other than “definitely” were excluded from the dataset. The second question asked whether the respondent knew where their caucus will be held (e.g. church, school); all responses of “I don’t know” were excluded from the dataset.</p> <p>The poll was weighted for age, race, gender, and evangelism using propensity scores. Weighting benchmarks were determined using a combination of previous exit polls, primary voter turnout, external analysis and internal projections.</p>
Total Number of Respondents	887
Margin of Error	±3.2% (95% confidence)
